OCTOBER 2025

A WARM WELCOME AWAITS AT THE DISCOVER SEALY VISITOR CENTER

Step inside the Discover Sealy Visitor Center and experience a fresh touch of small-town charm! The lobby has been thoughtfully updated to create a cozy and inspiring space for both visitors and travelers. You can now enjoy a complimentary coffee and tea bar, featuring our signature “Hydrate & Caffeinate in Sealy” corner — the perfect place to relax, recharge, and plan your next Sealy adventure.

A new “From Our Hands to Your Home” display showcases locally crafted items and Texas-made products that reflect the spirit of Sealy’s artisans and small businesses. From hand-poured candles and local honey to unique home décor, the display celebrates the creativity and craftsmanship found right here in our community.

Don’t miss the new lobby video, looping beautiful images of Sealy’s parks, festivals, and historic sites. Whether you’re here to pick up a visitors guide, learn about upcoming events, or simply take a moment to unwind, the Discover Sealy Visitor Center offers a warm welcome — and a charming introduction to all that makes Sealy special.

DID YOU KNOW?

Sealy’s local flavor is truly something special! BumB’s Kitchen, a Sealy-based artisan spice maker, creates small-batch seasoning blends, hot sauces, and dry mixes using herbs grown right here in Texas. Each mix is crafted with care to capture the taste and tradition of Southern cooking — from smoky barbecue rubs to zesty herb blends that make every meal memorable.

You can find BumB’s Kitchen products locally at RedDawn Trading Post in downtown Sealy, or learn more about their story at bumbskitchen.com. Bring a little Sealy spice home and add some local flavor to your kitchen!

If you have locally sourced items you’d like to showcase, we’d love to hear from you! Reach out to us — we’re always happy to feature more of Sealy’s local talent and creativity.
